

CELEBRATION OF AGRICULTURE EDUCATION DAY

December 3rd, 2020

**JAWAHARLAL NEHRU KRISHI VISHWA VIDYALAYA
JABALPUR 482 004 (MP)**

PREFACE

In response to letter of Deputy Director Education, ICAR, New Delhi dated November 20, 2020, the Agriculture Education Day was celebrated at all the constituent Colleges and Krishi Vigyan Kendras of Jawaharlal Nehru Krishi Vishwa Vidyalaya, Jabalpur on Thursday, December 3, 2020 to commemorate the birth anniversary of the first Minister of Agriculture, Government of India and the first President of India, Bharat Ratna Dr. Rajendra Prasad.

The main objective to celebrate the Agricultural education day was to strengthen the future of agriculture in India, it is important to attract and encourage youngsters towards the agriculture sector. Young generation must be given training about agricultural education in India. And this may require massive awareness programmes among the youth focusing on various facets of agriculture and related subjects.

The celebration also exposed various aspects of agriculture and its significance in the country's growth and development. On this day, an attempt is made to inspire and motivate school students towards farming so that they could develop some interest in this field.

At the university level 3876 students representing 108 schools at 23 districts under the jurisdiction were sensitized towards agriculture education.

Subject: Celebration of Agriculture Education Day on 3rd December, 2020

Dear Sir,

As you are aware, that as a step towards strengthening higher agricultural education in the country and for attracting talented students in agriculture and allied sciences, Ministry of Agriculture and Farmer's welfare decided to celebrate 3rd December, as **Agricultural Education Day**, every year.

You are requested to celebrate this day by creating awareness among youth and especially school children, as the objective to initiate this programme was to apprise and expose students to various facets of agriculture including its importance, scope, relevance for the country, job opportunities, agri-entrepreneurial avenues, so as to develop their interest in the subject.

The school students may be engaged in various online activities such as, debates on relevant topics, essay writing, talks by successful entrepreneurs, awareness and inspiring talks about agriculture by prominent personalities in agriculture and allied areas.

You are requested to observe December 3, 2019 as "Agricultural Education Day" and send a complied report about the programme to the undersigned before 20th December 2020 along with good quality photographs.

With regards,

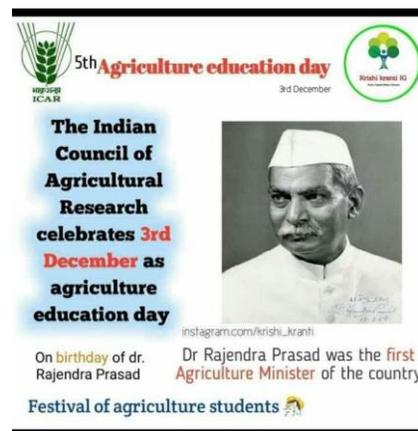

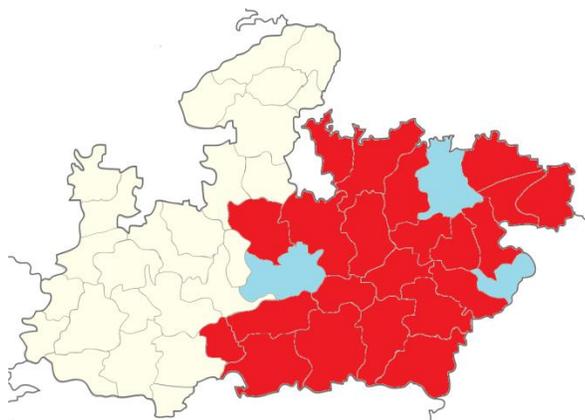

Yours sincerely

(R.C. Agrawal)
